Toned for tree in power line, with structures threatened. Residences evacuating from the fire.

First arriving units found large brush fire, with multiple structures threatened by wildfire. Structure protection was instituted, attempting to push the fire around those structures and stop the fire at the next county road.

Units were unable to stop the fire and had to evacuate the area, due to extreme danger to the firefighters. Firefighters started evacuating residences, businesses and all persons in the path of the fire.

Evacuations were assisted by the Bastrop County Sherri f's office, Texas Parks and Wildlife, LCRA Rangers, City of Bastrop Police Department, State Troopers, and Guardian EMS.

At 2100 hours first night, a NIMO team arrived to assist with Incident Command and made recommendation that a Type 1 team be ordered. The Southern Area "Red" Team started arriving on Monday PM.

Incident was transfered to the Red Team on Tuesday
